News and Views . . .

and what have you

by BOB CRAIG

Dear Editor:

The following is an open letter to the people of Hamlin. YOU, THE PUBLIC

Remember the tornado scare last year? YOU went nuts with curiosity and risked the lives of your families trying to see the horror while highline wires were everywhere. YOU kept the people working for emergency reasons from being at the places they were needed.

May 3, 1963, an emergency call was answered by your Fire Department, Funeral Home and Sheriff's Department. Due to more curiosity every emergency vehicle was held up at one time or another. What is so SATISFYING and CURIOS about a house burning? If it was your home, you would want the emergency staff there first and yet, if it is someone else's, you jump in the car and block their way. Do you really know about your Fire Department? Their wages are so high! Not one penny do these men receive or one drop of water in their own homes that they don't pay for. After 20 years of service to protect YOU, they draw a \$25.00 pension. Do you have any idea of the clothes they ruin? They leave their jobs, day and night in all kind of weather, trying to protect YOU. If YOU can't pull aside to let these men through and so interested, why not jump in with both feet? Join the Fire Department! Do not have time? Well that's a shame because then you could see first-hand the nauseating, sickening sights these men have to face. YOU should thank God for these men that ask for nothing but respect in the line of duty.

Another wonderful unit is being added to our city for our protection. It will be a civil defense unit. When these men try to advise you during a disaster, please listen to them! We depend on Abilene to keep us alerted but there are times when they don't know exactly what is happening in our front doors. The civil defense unit will be informed on closer areas to guide you.

You all know a red light means STOP! A FLASHING RED LIGHT on an emergency vehicle means to get out of the way! This doesn't mean to keep moving in the line of traffic, right or left, it means clear a path, if possible. It is the only way we have of asking you to help save a life or home. Emergency vehicles such as Ambulances, Police Cars, Fire Trucks and Tank Trucks move at a fast speed because it is their job. Have you ever tried to stop a car doing 80 to 100 miles per hour? There is someone who needs help or we wouldn't be out in the first place. Everytime you slow-up an emergency car, you can share the blame if the person needing help dies. We are not infallible; we make enough mistakes of our own without the help of curious people.

Is there something exciting about an accident? It certainly isn't a pleasant sight and we don't enjoy handling them, but it is our job. You have been asked not to tie up telephone lines at the time of an accident. YOU can't be notified if it is your family when others are just curious. If you are really interested instead of curious, your help will be needed later. Give your emergency people time to work with efficiency.

Hamlin is small enough that everyone is interested in his neighbor and friend. You are wonderful to come to the aid of a family in time of sorrow from the loss of a love one. We are glad for you to call and inquire about a deceased but the hours of 9:00 a.m. until 10:00 p.m. should be kept in mind. Anyone would be a bit rude in answering a call from 1 to 6 a.m. about a deceased when it could be taken care of after resting hours. We are human and our bodies do require a few hours of relaxation. We work under terrific mental stress and we can't serve you

3 Drown in South Lake

Three persons drowned in South Lake Tuesday evening after the motor boat they were in capsized about 50 feet from the North shore of the lake. Two occupants of the boat swam to safety.

The victims were Larry L. Davis, 10 year old son of Mrs. Carrie Davis of Hamlin and Almer Brackens, about 45, and L. D. Richardson, 28, both of Lubbock.

The body of the young boy was the first to be recovered by Homer Tudor and Joe Collins. Bodies of the two men were found by volunteers who went to the lake after a siren was blown at 6:15 p.m. to summons volunteers with boats to the lake.

The bodies were recovered about 7:30 p.m.

The survivors were Hanie Warren and Jessie Davis, both of Lubbock. They went to the home of the lakekeeper, J. C. Cauble, to get help.

J. B. Eakin, Justice of the Peace, ruled the incident as accidental death by drowning. Police Chief Frank Chapman was assisted in the investigation by Jones County Sheriff Dave Reeves. Also here was B. Q. Cooper, police chief from Stamford.

Services for the Davis boy will be held today (Thursday) at 3 p.m. in the Oak Grove Baptist Church with the Rev. F. C. Ransom, pastor, officiating.

School Tax Rate Vote Called Here Saturday

Qualified voters of the Hamlin Independent School District will decide Saturday if the local Board of Trustees will be permitted to raise the local school tax rate to meet the pressing financial needs of the district. The ballot will be to decide if the district will be permitted to operate under the Senate Bill 116. This bill lets the district have a maximum rate of \$1.50 for use in the maintenance fund of the school and a separate rate for the retirement of bonds.

At the present time the district has a rate of \$1.50 which must be used for both maintenance and bond retirement. Voters will have the choice of voting "For Maintenance ax" or "Against Maintenance ax" when they go to the polls Saturday. Voting will take place at the High School building all day Saturday.

According to a statement by the president of the board, Fred B. Moore Jr., the need for the increase in rate has been brought about by the continued decrease in the oil

valuations of the district and the increase cost of instruction.

C. F. Cook, superintendent of schools, said that it is the opinion of the board that at the present time the rate would be raised only 15c, or from \$1.50 to \$1.65. This would in-

clude the 30c needed to retire the school's bonds.

Figures released by Cook show that the district's valuations have dropped by over one million dollars in the past eight years in spite of a 10 per cent increase in valuation in 1961. During this same period the cost of instruction has increased \$120,499. Of this amount the state's share has increased only \$60,719.

FIRE SOUTH OF TOWN FRIDAY TAKES LIFE OF JAMES R. KISER

A fire four miles southeast of Hamlin Friday evening claimed the life of James R. Kiser, 73, a resident of the area for the past three years.

Mr. Kiser made his home with his son, Delbert Kiser and his family. Mrs. Kiser and their 12-year old son, Glenn, left the house safely after the smoke and flame filled the three bedroom frame structure. The younger Kiser made four attempts to rescue his father. His father had gotten out of bed. His body was found in the kitchen. The family recalled later hearing something which sounded like someone falling.

The blaze started after the

family had retired for the evening. The house and the contents were a total loss. The family saved only the clothing they were wearing.

The Kiser's two daughters, Jenny, a freshman at McCaulley High School, and Jerry, an eighth grader, were away from home at the time.

The Hamlin Fire Department made two trips trying to save the home. The call came in at 9:45 p.m.

Mr. Kiser was an active person and helped to care for the cattle on the place. Reports that mentioned that he was blind were inaccurate.

Funeral services were held Monday in Johnson's Chapel in San Angelo. Burial was in Mule Creek Cemetery near Tennyson in Coke County.

Survivors are his son, Delbert; one daughter, Mrs. Oscar Coleman of San Angelo; two brothers, M. J. of Cristoval and E. A. of San Angelo; six grandchildren and 15 great-grandchildren.

A fund to aid the family has been started and donations are being received at the Rod Brown Store in Neinda.

LOCAL SCOUTS RATE HIGH AT EXPOSITION

All booths at the Annual Scout Exposition held in the Popa building Saturday were given blue ribbons, according to Guy Weaver, local chairman.

The booths were judged strictly on a point system according to displays, activity in progress in the booth at all times, the boys explaining and telling about the different phases of work they had done and various other qualifications. All of the booths rated above 92 points and merited blue ribbons.

Judges were Burr Russell of Stamford and Troy Boone of Abilene, both Scout Executives of the Chisholm Trail Council.

The Cub Scouts sold a total of 414 tickets for \$207 of which \$82.80 will remain in the local pack. Price Fowler was top boy, selling 40 tickets and Virgil Turner was second with 36 tickets. These boys are also top in the district, according to Weaver.

Boy Scouts sold 192 tickets for \$96 and \$38.40 is their commission.

A total of \$181.80 will be given to the Chisholm Trail Council. A portion of this will be used to pay expenses for awards and construction of booths with the remainder going to Camp Tonkawa.

The concession stand was operated by the Hamlin Jaycees who gave the proceeds to be divided between the Boy Scouts and the Cub Scouts.

"The boys in the Scout Patrols, their leaders, the Cub Scouts and the Den Mothers are to be congratulated for a job well done," said Weaver.

Mrs. Larry Yanke who lives on S. W. Fourth Street, called to tell us about their good luck Sunday. It seems that they normally park their car under a large tree near their house for protection since they have no garage or carport. During the wind and rain storm Sunday afternoon Mr. Yanke decided the car might be safer out in the open so he braved the wind and rain to move it from under the tree. Moments later the tree was blown over and landed in the exact place the car had been parked. When he began to estimate what the damage to his car might have cost, he was most thankful.

Douglas Neil, nine month old son of Police Chief and Mrs. Frank Chapman, fell off the bed last Wednesday at the home of a neighbor and fractured his skull. The extent of his injury was not discovered until several hours after the accident. According to Mrs. Chapman, his condition now is good but they must handle him carefully until the fracture heals.

INSTALLED AT MEETING — New officers were installed by Mrs. Floyd Clifton, center, retiring president, at the last meeting of the Hamlin Elementary Parent-Teachers Association held in the primary cafeteria Thursday. Left to right: Mrs. Bill Shira, historian; Mrs. W. L. Hunter Jr., treasurer; Mrs. Harvey Jenkins, secretary; Mrs. Harold Johnson, second vice president; and Mrs. Duane Stallcup, first vice president.

MRS. W. T. JOHNSON INSTALLED AS P-TA PRESIDENT THURSDAY

The organization of an orchestra was the theme used by Mrs. Floyd Clifton, retiring president of the Parent-Teachers Association, as she installed new officers at a meeting held Thursday afternoon in the primary cafeteria.

Mrs. Clifton charged Mrs. W. T. Johnson in coming president, with the duties of conducting the local organization in melodies that will vibrate the school and town of Hamlin during the next year. Other officers, who are to represent the vital instruments in the orchestra and assist the conductor, are Mrs. Duane Stallcup, first vice president; Mrs. Harold Johnson, second vice president; Mrs. W. L. Hunter Jr., treasurer; Mrs. Harvey Elkins, secretary; and Mrs. Bill Shira, historian. Mrs. Clifton will serve as parliamentarian.

All members of the organization were challenged to choose an instrument and work in harmony with the new officers so there would be no sour notes in 1963-64.

Third grade students entertained with songs representing each of the school months. Some of the children were costumed to depict holidays associated with those particular months. Mrs. Willard Ma-berry, public school music instructor, was assisted in preparing the program by the third grade teachers, Mrs. D. W. Stell, Miss Viola Avants and Mrs. Elkins.

Miss Avants' room was awarded the room count, for having the largest number of parents in attendance.

The invocation was given by Rev. Fred Brown, pastor of the Faith Methodist Church and Mrs. C. B. Owens gave the thought for the month.

During the year the P-TA has purchased for the school a dry press mount, an opaque

DELTA KAPPA GAMMA

Mrs. Mildred Chambers of Rule and Mrs. Sallie Wright of Aspermont were initiated into the Beta Chi Chapter of Delta Kappa Gamma Society Saturday in an inspirational service held at the Philadelphia Clubhouse at Rule with 28 members present from Haskell, Knox and Stonewall Counties.

Ceremonial chairman, Mrs. Mary Martin, from Haskell, planned the impressive service based on the rituals of the Society. Special music incorporated into the event was given by Mrs. Virginia Casey of Truscott and Mrs. Mary Jo Lankford of Knox City. Others helping conduct the initiation service were Mrs. Mary Jo Leverett of Old Glory, Mrs. Betty Taylor of Goree, Mrs. Artie Mae Burkett of Haskell and Mrs. Sudie Cash of Knox City.

The Founders Day program was also directed by Mrs. Mary

Phone 3958

Martin and was participated in by some fifteen members who read character sketches of Delta Kappa Gamma founders. Pictures of the famous ladies were displayed.

The business meeting was presided over by first vice president Mrs. Mary Jo Leverett, in the absence of president Mrs. Maxine Klump. Auditing chairman Mrs. Mabel Derr, reported treasurer's books accurate. Research chairman, Virginia Cassey, reported that Mrs. Johnny Pumphrey of Old Glory was Beta Chi's speaker nominee for state appearances.

Mrs. Willie Geer of Rule was chairman of the hostess committee, with other members from Rule and Old Glory assisting. Cake squares, nuts and punch was served from a table covered with a linen cut-work cloth and with a lovely floral arrangement.

This was the last meeting of the school year. The next regular meeting will be held on September 14 at Knox City with Mrs. Gretchen Colehour as program director. The State Delta Kappa Gamma meeting will be held at San Antonio in June.

FAIRVIEW NEWS

By MRS. ELMER JOINER

More rain and much mud is the big news this Monday morning. Over an inch of rain fell Sunday afternoon, accompanied by a high wind, causing it to look pretty scary for awhile. The freakish part of it was that the high wind was from the east and northeast, clouds in that direction seldom do any thing in our vicinity, but they went contrary to tradition Sunday afternoon as the wind almost reached storm levels. About the only damage we are able to see around us are some limbs blown off trees, but the wind did blow and the rain fell for awhile, but we are thankful that no hail came.

Tragedy struck near us Friday night, when the Kaiser home was burned and the father lost his life in the fire. They lived on the road to Ne-inda, and although we were not acquainted with them, our love and sympathy goes out to the bereaved ones.

The rain played havoc with the family reunions that were attended Sunday by the Mel Jones and Henry's. The Joneses went to Possum Kingdom Park, where they met other members of Mrs. Jones family, to celebrate the birthday of their mother, Mrs. John Ash, which fell on Saturday May 4th. Mrs. Ash was 84 years old and lives down between Fort Worth and Dallas. The rain ran them off at one thirty, but they had several hours of visiting and enjoyed that.

We failed to hear from Mr. and Mrs. E. A. Henry, how their reunion came out. They went to Seymour to an annual get together, but it must have turned out all wet also.

Church services were not held Sunday night, owing to the bad weather, since some live on muddy roads and it was still raining.

Rev. Derrel Lewis will start working in Lubbock Monday in a lumber yard, where both he and his wife, will be employed, as soon as school is out and they get moved. He resigned as pastor of the church last Sunday, to become effective after one more Sunday with us.

We hate to see them go, but that is the way it is, when a church learns to love a pastor and family, they feel called to move on some where else, so all you can do is fine a new one to love. We think we have an unusual little church in that all of our former pastors are our dear friends, they go on their own convictions and we still love them all.

Graduation time is here once again and we have two seniors in our church this year. Penny Ford and Dorothy Gray will both receive their diplomas this year.

Local Firm Outlet For \$100,000 Contest

Coin Clean Center, Self-Service Laundry and Dry Cleaning, 330 West Lake Drive, in Hamlin, will be the local outlet for Whirlpool Corporation's \$100,000 "Kleen-up With Whirlpool" contest, according to an announcement today by Mrs. George Kinney, Owner, and Mrs. Ester Hastings, manager.

The contest is open to all area residents, and is featured by top prizes of 12 expense-paid trips to Europe and Las Vegas. Altogether, these are 8,524 prizes, including RCA Victor color TV's; RCA Whirlpool refrigerators; RCA Whirlpool freezers; RCA Whirlpool electric ranges; RCA Whirlpool portable dishwashers; RCA Victor stereos; RCA Victor transistor radios; and thousands of other gifts.

Mrs. Kinney and Mrs. Hastings stated that contest books are available to their present customers and the general public, inviting everyone to participate in the national contest. The contest book includes a "lucky" number that could mean a two-week free trip to Europe for two local people. To win a prize, a person with a contest book merely has to visit Coin Clean Center, Self-Service Laundry and Dry Cleaning, to see if the number in the book is a winner.

The contest book also contains many premiums. Each time a person dry cleans a load of clothes, he or she becomes eligible to purchase any one of many items at up to 50% off regular price, as in the book.

News and Views...

and what have you

by BOB CRAIG

Dear Editor:

The following is an open letter to the people of Hamlin, YOU, THE PUBLIC

Remember the tornado scare last year? YOU went nuts with curiosity and risked the lives of your families trying to see the horror while highline wires were everywhere. YOU kept the people working for emergency reasons from being at the places they were needed.

May 3, 1963, an emergency call was answered by your Fire Department, Funeral Home and Sheriff's Department. Due to more curiosity every emergency vehicle was held up at one time or another. What is so SATISFYING and CURIOS about a house burning? If it was your home, you would want the emergency staff there first and yet, if it is someone else's, you jump in the car and block their way. Do you really know about your Fire Department? Their wages are so high! Not one penny do these men receive or one drop of water in their own homes that they don't pay for. After 20 years of service to protect YOU, they draw a \$25.00 pension. Do you have any idea of the clothes they ruin? They leave their jobs, day and night in all kind of weather, trying to protect YOU. If YOU can't pull aside to let these men through and so interested, why not jump in with both feet? Join the Fire Department! Do not have time? Well that's a shame because then you could see first-hand the nauseating, sickening sights these men have to face. YOU should thank God for these men that ask for nothing but respect in the line of duty.

Another wonderful unit is being added to our city for our protection. It will be a civil defense unit. When these men try to advise you during a disaster, please listen to them! We depend on Abilene to keep us alerted but there are times when they don't know exactly what is happening in our front doors. The civil defense unit will be informed on closer areas to guide you.

You all know a red light means STOP! A FLASHING RED LIGHT on an emergency vehicle means to get out of the way! This doesn't mean to keep moving in the line of traffic, right or left, it means clear a path, if possible. It is the only way we have of asking you to help save a life or home. Emergency vehicles such as Ambulances, Police Cars, Fire Trucks and Tank Trucks move at a fast speed because it is their job. Have you ever tried to stop a car doing 80 to 100 miles per hour? There is someone who needs help or we wouldn't be out in the first place. Everytime you slow-up an emergency car, you can share the blame if the person needing help dies. We are not infallible; we make enough mistakes of our own without the help of curious people.

Is there something exciting about an accident? It certainly isn't a pleasant sight and we don't enjoy handling them, but it is our job. YOU have been asked not to tie up telephone lines at the time of an accident. YOU can't be notified if it is your family when others are just curious. If you are really interested instead of curious, your help will be needed later. Give your emergency people time to work with efficiency.

Hamlin is small enough that everyone is interested in his neighbor and friend. You are wonderful to come to the aid of a family in time of sorrow from the loss of a love one. We are glad for you to call and inquire about a deceased but the hours of 9:00 a.m. until 10:00 p.m. should be kept in mind. Anyone would be a bit rude in answering a call from 1 to 6 a.m. about a deceased when it could be taken care of after resting hours. We are human and our bodies do require a few hours of relaxation. We work under terrific mental stress and we can't serve you—(Continued on Back Page)

WMU AND GA'S COMMERATE ANNIVERSARY

The Woman's Missionary Union and the Girls' Auxiliary of the First Baptist Church commemorated the 75th Anniversary of the WMU and the 50th Anniversary of GA's at a covered dish dinner Tuesday evening in the Fellowship Hall.

A huge birthday cake was served to the 80 members and guests present. Mrs. Bill Shira, WMU president, presided. Mrs. S. L. Tate Jr., was program director. 3 Drown in South Lake

Three persons drowned in South Lake Tuesday evening after the motor boat they were in capsized about 50 feet from the north shore of the lake. Two occupants of the boat swam to safety.

The victims were Larry L. Davis, 10 year old son of Mrs. Carrie Davis of Hamlin and Almer Brackens, about 45, and L. D. Richardson, 28, both of Lubbock.

The body of the young boy was the first to be recovered by Homer Tudor and Joe Collins. Bodies of the two men were found by volunteers who went to the lake after a siren was blown at 6:15 p.m. to summons volunteers with boats to the lake.

The bodies were recovered about 7:30 p.m. The survivors were Hamie Warren and Jessie Davis, both of Lubbock. They went to the home of the lakekeeper, J. C. Cauble, to get help.

J. B. Eakin, Justice of the Peace, ruled the incident as accidental death by drowning. Police Chief Frank Chapman was assisted in the investigation by Jones County Sheriff Dave Reeves. Also here was B. Q. Cooper, police chief from Stamford.

Services for the Davis boy will be held today (Thursday) at 3 p.m. in the Oak Grove Baptist Church with the Rev. F. C. Ransom, pastor, officiating.

Survivors are his mother, Carrie Davis; father, one brother, Robert; three sisters, Willie Pearl, Wanda Jean, and Mae Dee; and the maternal grandmother, Ophelia Feelings all of Hamlin.

Services will be held in Lubbock for Richardson. Brackens body was taken to a funeral home in Midland for services there.

School Tax Rate Vote Called Here Saturday

Qualified voters of the Hamlin Independent School District will decide Saturday if the local Board of Trustees will be permitted to raise the local school tax rate to meet the pressing financial needs of the district. The ballot will be to decide if the district will be permitted to operate under the Senate Bill 116. This bill lets the district have a maximum rate of \$1.50 for use in the maintenance fund of the school and a separate rate for the retirement of bonds.

At the present time the district has a rate of \$1.50 which must be used for both maintenance and bond retirement. Voters will have the choice of voting "For Maintenance" or "Against Maintenance" when they go to the polls Saturday. Voting will take place at the High School building all day Saturday.

According to a statement by the president of the board, Fred B. Moore Jr., the need for the increase in rate has been brought about by the continued decrease in the oil

valuations of the district and the increase cost of instruction.

C. E. Cook, superintendent of schools, said that it is the opinion of the board that at the present time the rate would be raised only 15c, or from \$1.50 to \$1.65. This would in-

clude the 30c needed to retire the school's bonds.

Figures released by Cook show that the district's valuations have dropped by over one million dollars in the past eight years in spite of a 10 per cent increase in valuation in 1961. During this same period the cost of instruction has increased \$120,499. Of this amount the state's share has increased only \$60,719.

FIRE SOUTH OF TOWN FRIDAY TAKES LIFE OF JAMES R. KISER

A fire four miles southeast of Hamlin Friday evening claimed the life of James R. Kiser, 73, a resident of the area for the past three years. Mr. Kiser made his home with his son, Delbert Kiser and his family. Mrs. Kiser and their 12-year old son, Glenn, left the house safely after the smoke and flame filled the three bedroom frame structure. The younger Kiser made four attempts to rescue his father. His father had gotten out of bed. His body was found in the kitchen. The family recalled later hearing something which sounded like someone falling.

The blaze started after the

family had retired for the evening. The house and the contents were a total loss. The family saved only the clothing they were wearing.

The Kiser's two daughters, Jenny, a freshman at McCaulley High School, and Jerry, an eighth grader, were away from home at the time.

The Hamlin Fire Department made two trips trying to save the home. The call came in at 9:45 p.m.

Mr. Kiser was an active person and helped to care for the cattle on the place. Reports that mentioned that he was blind were inaccurate.

Funeral services were held Monday in Johnson's Chapel in San Angelo. Burial was in Mule Creek Cemetery near Tennyson in Coke County.

Survivors are his son, Delbert; one daughter, Mrs. Oscar Coleman of San Angelo; two brothers, M. J. of Cristoval and E. A. of San Angelo; six grandchildren and 15 great-grandchildren.

A fund to aid the family has been started and donations are being received at the Red Brown Store in Neidra.

The public is invited.

LOCAL SCOUTS RATE HIGH AT EXPOSITION

All booths at the Annual Scout Exposition held in the Pope building Saturday were given blue ribbons, according to Guy Weaver, local chairman.

The booths were judged strictly on a point system according to displays, activity in progress in the booth at all times, the boys explaining and telling about the different phases of work they had done and various other qualifications. All of the booths rated above 92 points and merited blue ribbons.

Judges were Burr Russell of Stamford and Troy Boone of Abilene, both Scout Executives of the Chisholm Trail Council.

The Cub Scouts sold a total of 414 tickets for \$207 of which \$82.80 will remain in the local pack. Price Fowler was top boy, selling 40 tickets and Virgil Turner was second with 36 tickets. These boys are also top in the district, according to Weaver.

Boy Scouts sold 192 tickets for \$96 and \$38.40 is their commission.

A total of \$181.80 will be given to the Chisholm Trail Council. A portion of this will be used to pay expenses for awards and construction of booths with the remainder going to Camp Tonkawa.

The concession stand was operated by the Hamlin Jaycees who gave the proceeds to be divided between the Boy Scouts and the Cub Scouts.

"The boys in the Scout Patrols, their leaders, the Cub Scouts and the Den Mothers are to be congratulated for a job well done," said Weaver.

Baseball Sunday

The Semi-Pros and the Crams Crankshaft Grinders will play this Sunday at 3:00 at the local park. Their game was rained out last Sunday.

Hamlin Bands to Present Parade Music Tonigt

The fourth annual "Parade of Music", featuring all bands of the Hamlin schools, under the direction of Tim Jones, will be presented tonight at the high school auditorium. The program begins at 7:30 p.m. and all admissions are 50 cent.

The evenings entertainment will be lead by the 38 members of the fifth grade group playing, the Mr. Boom-Boom March, The Clockwinder Song, The Grenadiers and When The Saints Go Marching In. Several members will be recognized for outstanding achievement.

Next will come the 32 piece sixth grade band whose program will include Belmont March, Autumn Leaves, Two Tunes for Trumpet, and Dry Bones.

The 50 piece junior high band will follow, playing their University Interscholastic League Contest selections, Queen City March, La Nuit and Black Knight Overture. The novelty, Blues In The Band, will also be included in the Jr. High portion. All division I solo and ensemble winners will be recognized and the Cisco Festival trophy along with the U.I.L. Special award trophy will be presented to the evening's champion.

phy will be presented to the school for permanent display.

The Sweepstakes Piper Concert Band, composed of 78 high school musicians, will come next on the evening's schedule, and their portion of the program will also include three U.I.L. contest selections, LaDonna Spanish March, Slavonic Folk Suite and Themes from Caucasian Sketches.

Other selections will include the fantasy on Negro spirituals, River Jordan, a modern concert march entitled Medusa's Head; Beesbeub, a tuba solo with band accompaniment featuring Ronnie Sipe, state solo winner; and trombone trio, Three Gauchos, featuring Nick Moore, David Pingham and Gary Cauble.

First division winners in solo and ensemble contest will also be recognized as will all senior students who are playing their last concert with the Piper Band.

The Lamesa Festival trophies and the first U. I. L. Sweepstakes award trophy ever to be won by a Hamlin band will be officially presented to the high school for permanent display.

Highlighting the evening's

presentation of awards will be the public announcement of this year's John Philip Sousa band award. This award is given annually to the outstanding senior band student who has been in the high school band for all four years, and for showing singular merit and cooperation, and who displays generally those qualities which school music strives to impart.

The student is selected by vote of officials, the band director and fellow bandmen.

After a brief intermission the high school stage band will present a short but varied program featuring some of the numbers played at the West Texas State College Stage Band Festival. At this event the local stage band won a division I rating and was voted the outstanding group in class 2-A competition.

Immediately following the concert all parents and friends are invited to a reception in the band hall and gymnasium.

Jones urges everyone to attend the concert tonight and support the local bands. Proceeds from the program will be used to help finance all band activities for the entire school year.

Mrs. Larry Yanke who lives on S. W. Fourth Street, called to tell us about their good luck Sunday. It seems that they normally park their car under a large tree near their house for protection since they have no garage or carport. During the wind and rain storm Sunday afternoon Mr. Yanke decided the car might be safer out in the open so he braved the wind and rain to move it from under the tree. Moments later the tree was blown over and landed in the exact place the car had been parked. When he began to estimate what the damage to his car might have cost, he was most thankful.

Douglas Neil, nine month old son of Police Chief and Mrs. Frank Chapman, fell off the bed last Wednesday at the home of a neighbor and fractured his skull. The extent of his injury was not discovered until several hours after the accident. According to Mrs. Chapman, his condition now is good but they must handle him carefully until the fracture heals.

MRS. W. T. JOHNSON INSTALLED AS P-TA PRESIDENT THURSDAY

The organization of an orchestra was the theme used by Mrs. Floyd Clifton, retiring president of the Parent-Teachers Association, as she installed new officers at a meeting held Thursday afternoon in the primary cafeteria.

Mrs. Clifton charged Mrs. W. T. Johnson in coming president, with the duties of conducting the local organization in melodies that will vibrate the school and town of Hamlin during the next year. Other officers, who are to represent the vital instruments in the orchestra and assist the conductor, are Mrs. Duane Stallcup, first vice president; Mrs. Harold Johnson, second vice president; Mrs. W. L. Hunter Jr., treasurer; Mrs. Harvey Elkins, secretary; and Mrs. Bill Spira, historian. Mrs. Clifton will serve as parliamentarian.

All members of the organization were challenged to choose an instrument and work in harmony with the new officers so there would be no sour notes in 1963-64.

Third grade students entertained with songs representing each of the school months. Some of the children were costumed to depict holidays associated with those particular months. Mrs. Willard Ma-berry, public school music instructor, was assisted in preparing the program by the third grade teachers, Mrs. D. W. Stell, Miss Viola Avants and Mrs. Elkins.

Miss Avants' room was awarded the room count, for having the largest number of parents in attendance.

The invocation was given by Rev. Fred Brown, pastor of the Faith Methodist Church and Mrs. C. B. Owens gave the thought for the month.

DELTA KAPPA GAMMA

Mrs. Mildred Chambers of Rule and Mrs. Sallie Wright of Aspermont were initiated into the Beta Chi Chapter of Delta Kappa Gamma Society Saturday in an inspirational service held at the Philadelphia Clubhouse at Rule with 28 members present from Haskell, Knox and Stonehill Counties.

Ceremonies chairman, Mrs. Mary Martin, from Haskell, planned the impressive service based on the rituals of the Society. Special music incorporated into the event was given by Mrs. Virginia Casey of Truscott and Mrs. Mary Jo Lankford of Knox City. Others helping conduct the initiation service were Mrs. Mary Jo Leverett of Old Glory, Mrs. Betty Taylor of Goree, Mrs. Artie Mae Burkett of Haskell and Mrs. Sudie Cash of Knox City.

The Founders Day program was also directed by Mrs. Mary

Martin and was participated in by some fifteen members who read character sketches of Delta Kappa Gamma founders. Pictures of the famous ladies were displayed.

The business meeting was presided over by first vice president Mrs. Mary Jo Leverett, in the absence of president Mrs. Maxine Klump. Auditing chairman Mrs. Mabel Derr, reported treasurer's books accurate. Research chairman, Virginia Cassey, reported that Mrs. Johnny Pumphrey of Old Glory was Beta Chi's speaker nominee for state appearances.

Mrs. Willie Geer of Rule was chairman of the hostess committee, with other members from Rule and Old Glory assisting. Cake squares, nuts and punch was served from a table covered with a linen cut-work cloth and with a lovely floral arrangement.

This was the last meeting of the school year. The next regular meeting will be held on September 14 at Knox City with Mrs. Gretchen Colehour as program director. The State Delta Kappa Gamma meeting will be held at San Antonio in June.

National Gas Light Day Set May 14

National Gaslight Day will be observed across the nation, May 14 by Lone Star Gas Company and some 75 natural gas utility companies. Lester Minton, Long Star Gas Co. here has announced.

As a feature of this special day, Lone Star will offer a wide variety of gaslight models for sale at a substantially reduced price, Mr. Minton said. The lights are now on display at Lone Star's local offices in Hamlin.

These tastefully designed ap-

pliances are finding new applications in home and business. Gas lights are now being used by airports, restaurants, shopping centers, and other commercial establishments for outdoor illumination. Builders by increasing numbers are installing gaslights as standard landscaping fixtures, and a number of new home developments are lighting streets with natural gas.

FAIRVIEW NEWS

By MRS. ELMER JOINER

More rain and much mud is the big news this Monday morning. Over an inch of rain fell Sunday afternoon, accompanied by a high wind, causing it to look pretty scary for awhile. The freakish part of it was that the high wind was from the east and northeast, clouds in that direction seldom do any thing in our vicinity, but they went contrary to tradition Sunday afternoon as the wind almost reached storm levels. About the only damage we are able to see around us are some limbs blown off trees, but the wind did blow and the rain fell for awhile, but we are thankful that no hail came.

Tragedy struck near us Friday night, when the Kaiser home was burned and the father lost his life in the fire. They lived on the road to Nevada, and although we were not acquainted with them, our love and sympathy goes out to the bereaved ones.

The rain played havoc with the family reunions that were attended Sunday by the Mel Jones and Henry's. The Joneses went to Possum Kingdom Park, where they met other members of Mrs. Jones family, to celebrate the birthday of their mother, Mrs. John Ash, which fell on Saturday May 4th. Mrs. Ash was 84 years old and lives down between Fort Worth and Dallas. The rain ran them off at one thirty, but they had several hours of visiting and enjoyed that.

We failed to hear from Mr. and Mrs. E. A. Henry, how their reunion came out. They went to Seymour to an annual get together, but it must have turned out all wet also.

Church services were not held Sunday night, owing to the bad weather, since some live on muddy roads and it was still raining.

Rev. Derrel Lewis will start working in Lubbock Monday in a lumber yard, where both he and his wife, will be employed, as soon as school is out and they get moved. He resigned as pastor of the church last Sunday, to become effective after one more Sunday with us.

We hate to see them go, but that is the way it is, when a church learns to love a pastor and family, they feel called to move on some where else, so all you can do is fine a new one to love. We think we have an unusual little church in that all of our former pastors are our dear friends, they go on their own convictions and we still love them all.

Graduation time is here once again and we have two seniors in our church this year. Penny Ford and Dorothy Gray will both receive their diplomas this year.

Local Firm Outlet For \$100,000 Contest

Coin Clean Center, Self-Service Laundry and Dry Cleaning, 330 West Lake Drive, in Hamlin, will be the local outlet for Whirlpool Corporation's \$100,000 "Kleen-up With Whirlpool" contest, according to an announcement today by Mrs. George Kinney, Owner, and Mrs. Ester Hastings, manager.

The contest is open to all area residents, and is featured by top prizes of 12 expense-paid trips to Europe and Las Vegas. Altogether, these are 8,524 prizes, including RCA Victor color TV's; RCA Whirlpool refrigerators; RCA Whirlpool freezers; RCA Whirlpool electric ranges; RCA Whirlpool portable dishwashers; RCA Victor stereos; RCA Victor transistor radios; and thousands of other gifts.

Mrs. Kinney and Mrs. Hastings stated that contest books are available to their present customers and the general public, inviting everyone to participate in the national contest. The contest book includes a "lucky" number that could mean a two-week free trip to Europe for two local people. To win a prize, a person with a contest book merely has to visit Coin Clean Center, Self-Service Laundry and Dry Cleaning, to see if the number in the book is a winner.

The contest book also contains many premiums. Each time a person dry cleans a load of clothes, he or she becomes eligible to purchase any one of many items at up to 50% off regular price, as in the book.

There has been some moving taking place in our community recently. Mr. and Mrs. Don Rose and Joey, have moved to Stamford. Mrs. J. A. Rose remained in her home on her farm.

Mr. and Mrs. Billy McIlwain and children, have moved in the Propst house, recently vacated by the Rolands.

Mrs. Jack Gray spent from Monday until Thursday in the hospital, having some tests run, and is happy over the results.

Bruce and Barry Johnson spent most of last week with their grand parents Mr. and Mrs. Winson Gray, while their parents Mr. and Mrs. Marvin Johnson, went on a business trip, then returned for a visit with the Grays and M. S. Johnsons.

Mr. and Mrs. Elmer Joiner attended the Junior play Tuesday night, at the High school auditorium. Their granddaughter Kay McCoy was in the play.

Mr. and Mrs. Winson Gray and Dorothy ate dinner with Mr. and Mrs. M. S. Johnson Sunday.

Mrs. Sol Branscum and Mrs. Elmer Joiner attended the meeting at Swinney Glass Company, Abilene, last Thursday morning, as representatives from the Friendship H. D. club. The workers at that place gave a demonstration on resilvering mirrors and refixing picture frames. It was all very interesting and education-

Rotary Club Plans Ladies Night

Ladies Night will be observed by the Hamlin Rotary Club Thursday, May 16, at 7:30 p. m. in the primary cafeteria. The Rev. Lenard Hartley, pastor of the First Baptist Church, will be the guest speaker. He will recount experiences of his trip to Japan during the recent New Life Movement. Special music is being arranged by S. L. Tate, music education director of First Baptist Church.

Many Honor May

A host of friends called at the Farmers and Merchants National Bank Saturday to extend congratulations to Tate May on his 50th Anniversary in the banking business. The coffee, held from 9 until 12 a. m., was hosted by the bank officials and employees.

LETTER--

as we wish without rest. In every business there are advantages and disadvantages. Our biggest disadvantage is living next to our business. We are not able to entertain friends, have a quiet meal together or tend to personal business with people who drive up in a car because the phone starts ringing for information of what is going on. From now on the yard lamps will be turned on, day or night, if we have a deceased. That will help you to be of service to others.

Sincerely,
Bill and Jerry Foster
